2. My company adheres to Section 3 of the Housing and Urban Development (HUD) Act of 1968, as amended, 12 U.S.C. 1701u which requires, to the greatest extent feasible, that a "good faith effort" is given to identifying small businesses located within the boundaries of the Section 3 service area, making them aware of contracting opportunities, encouraging their participation, and actually awarding contracts to Section 3 business concerns.

3. Efforts will be made to undertake outreach activities intended to encourage participation by Section 3 residents in training and employment opportunities, to include but not limited to:

A. Advertising in local media.

B. Distributing flyers on training and job opportunities to public housing sites and posting flyers in common areas.

C. Informing labor organizations and private job training agencies of potential jobs and contract opportunities.

1. Fifty one percent (51%) or more owned by Section 3 residents; **or**

SCOPE OF WORK BEDBUG REMEDIATION

BEDBUG REMEDIATION (NON-THERMAL)

1. BACKGROUND

When bedbugs are encountered at one of its communities, WHA follows this systematic plan to ensure that an infestation issue is quickly mitigated for the protection of other residents, family members, and guests in the community.

Because self-treatment poses potential dangers to residents and their family, we require that licensed pest management professionals be engaged to help respond and treat infested apartments. Because involving pest management professionals in the eradication plan is very difficult and costly, we require residents to cooperate fully in the treatment solution and policies relating to controlling bedbug infestations. Without full cooperation of the resident, this treatment program will not be successful. Lack of resident cooperation may result in penalties up to and including termination of tenancy. WHA agrees to provide education to all residents during orientation and each resident will be asked to sign a Bed Bug Treatment Agreement report to management any bed bug infestation(s) and to “fully and properly participate in all eradication procedures”.

WHA is seeking one fixed price contract(s) to provide an as needed, per incident, program to address bedbug infestations identified during the course of routine inspection services or as reported by residents or staff. Such a program must include extermination and follow-up visits for identified infestations including inspection, monitoring, and preventative measures in units above, below, beside and across-the hall. Each infested unit must be billed to WHA at contracted rates based on unit size; inspection, monitoring, and preventative measures for nearby units not currently infested will not be billed. Subsequent infestations after the agreed upon monitoring, warranty period may be treated as a new infestation and billed accordingly.

2. TECHNICAL SPECIFICATIONS OF REGULARLY SCHEDULED VISITS

- a. A visual inspection for bed bugs will be conducted by the IPM Pest Control contractor during scheduled visits. Inspections will be according to a schedule agreed upon by WHA and the contractor, but should be at minimum, monthly.
- b. If a live bed bug infestation is discovered, the IPM contractor will notify Property Manager.

- c. The Property Manager will coordinate with Bedbug Treatment Contractor to schedule bedbug initial inspections and remediation as soon as possible.
- d. The Bedbug Treatment Contractor will inspect neighboring units to identify the severity of infestation. The inspection should cover the “infested unit” plus the units above, below, across the hall, and to the left and right. This inspection should be conducted within one business day of initial infestation discovery.
- e. The Bedbug Treatment Contractor will provide preparation measures and time of treatment to resident and property manager.

BEDBUG REMEDIATION (THERMAL)

1. BACKGROUND

The Housing Authority seeks to have available contracted services for bedbug thermal remediation services as a part of its overall IPM strategy. Due to the expense, disruption and potential risks to property, whole-unit heat treatments must be reserved as an option for severely infested units which conventional treatment strategies have failed to remediate. Thermal remediation is implemented at the direction of the Property Manager after Contractor consultation and recommendation.

2 TECHNICAL SPECIFICATIONS

- i. Contractor must provide a copy of pre-treatment preparation instructions to residents, site management and site maintenance staff at least one week prior to treatment. Contractor must provide sample copies of such instructions as part of their bid packet. Contractor must notify the Housing Authority in writing of any changes to the instructions used prior to implementation.
- j. Vendor must provide specific details regarding total time required from set up to take down, maximum and minimum temperatures, total holding time at target temperature, and estimated cool-down time.
- k. Contractors must specify the processes and procedures used by their staff to reduce or prevent cross-contamination from infested units to adjacent areas.
- l. Contractor must provide documentation that all technicians working on-site are thoroughly trained in the use of the thermal remediation equipment. At least one of these technicians must be a licensed pest management professional certified to perform the heat remediation service.
- m. All pest management applicators must be properly trained and certified to work in these high temperature environments.
- n. Vendor must describe what (if any) measures must be taken to protect unit fixtures such as overhead fire sprinkler systems, toilet wax rings, etc. from heat damage. If no such measures are provided, WHA will require advance notice in order to contract preventative measures from a fire-safety vendor. Any associated costs will be factored into considerations of cost effectiveness; thus, a vendor with adequate preventative/protective measures will be considered more competitive than a lower bid without such measures.

- o. Contractor must describe any steps used to collect and dispose of active bedbugs during heat treatment process.
- p. Contractor must describe methodology for monitoring temperatures within the unit during treatment.
- q. Contractor must describe methodology used to insure even heating of large or heavy furniture pieces (mattresses, box springs, sofas, cushions, chairs, etc.)
- r. Contractor must specify type of heating units to be used (propane, natural gas, electric, etc.)
- s. Due to the substantial power requirements of heating equipment, contractor must provide its own fuel or power source(s) to adequately power the heating units. Contractor may only use building or resident electrical power for incidental consumption such charging laptops, cellphones or other low-draw devices such as monitoring equipment.
- t. Contractor must specify the number and frequency of follow-up inspections after treatment.
- u. Contractor must specify the duration and terms of any guarantee(s) provided after services are completed.
- v. Bidders must demonstrate competence in all aspects of bed bug thermal remediation including the ability to coordinate, control and report properly.
- w. At least one day prior to the Heat Treatment, Contractor must visit the site to work out the logistics of properly performing the treatment including:
 - Parking for trailer and treatment vehicles.
 - Inspection of problem unit to determine if unit is ready for treatment.
 - Inspection of all adjacent units and common areas to determine if bed bug activity has spread from the problem unit and to speak to residents of adjacent units about the pending follow up visits.
 - Becoming familiar with the space and the particular items that may affect the process including vents, doors, windows, sprinkler heads and heat sensors.

Bedbug Resident Guidance

BACKGROUND

Bed bugs are a pandemic, not just in the United States, but around the world. Bed bug infestations can spread quickly and must be treated aggressively. Following a systematic plan will ensure that an infestation issue is mitigated quickly and will protect other residents, family members, and guests in the community. Because of this increased concern about bed bugs, and in response to HUD guidance, the WHA has established additional guidelines for residents.

Because self-treatment poses potential dangers to residents and their family, WHA requires that a licensed pest management professional be engaged to help respond and treat infested apartments. Without full cooperation of the resident, this treatment program will not be successful.

Because involving a pest management professional in the eradication plan is very difficult and costly, the WHA requires residents to cooperate fully in the treatment solution and policies relating to controlling bed bug infestations.

Integrated pest management requires that the resident, WHA and pest management professional work together. Lack of resident cooperation may result in termination of tenancy.

PREVENTION

Here are a few simple precautions from the EPA that can help prevent bed bug infestation:

- Check secondhand furniture, beds, and couches for any signs of bed bug infestation before bringing them home.
- Use a protective cover that encases mattresses and box springs to eliminate many hiding spots. The light color of the encasement makes bed bugs easier to see. Be sure to purchase a high-quality encasement that will resist tearing and check the encasements regularly for holes.

- Decrease clutter to reduce hiding places for bed bugs.

IDENTIFYING BED BUGS

The Environmental Protection Agency (EPA) provides the following guidelines on identifying bed bugs:

- Bites on the skin are a poor indicator of a bed bug infestation. Bed bug bites can look like bites from other insects (such as mosquitoes or spiders), rashes (such as eczema or fungal infections), or even hives. Some people do not react to bed bug bites at all.
- A far more accurate way to identify a possible infestation is to look for physical signs of bed bugs. When cleaning, changing bedding, or staying away from home, look for:
 - o Dark spots which are bed bug excrement and may bleed on the fabric like a marker would.
 - o Eggs and eggshells, which are tiny (about 1mm) and white.
 - o Skins that nymphs shed as they grow larger.
 - o Live bed bugs; and/or
 - o Rusty or reddish stains on bed sheets or mattresses caused by bed bugs.

MOVE-IN INSPECTION

At the time of move-in, the resident agrees to certify that either:

- He/She has inspected the dwelling unit prior to move-in and did not observe any evidence of bed bugs or bed bug infestation in the unit; OR
- He/She inspected the unit within 72 hours after move-in and notified WHA of any evidence of bed bugs or bed bug infestation.

If the presence of bed bugs is discovered, a professional extermination company will be hired to investigate the source and to begin the eradication process.

RESIDENT RESPONSIBILITIES

Resident hereby agrees to prevent and control possible bed bug infestation in the dwelling unit by adhering to the following list of responsibilities for the duration of tenancy:

- **Personal Inspection:** Check for hitch -hiking bed bugs. After staying in a hotel or another home, inspect your clothing, luggage, shoes, and personal belongings for signs of bed bugs before re- entering the unit. Check backpacks, shoes, and clothing after using public transportation or visiting theaters or other locations where you may be in contact with bed bugs. After guests visit the unit, inspect beds, bedding, and upholstered furniture for signs of bed bugs.
- **Housekeeping:** Resident will properly maintain sanitation upkeep, clutter reduction, and trash removal from the unit.
- **Used Furniture:** Residents are discouraged from bringing used furniture into the unit. However, if a resident chooses to bring used furniture into the unit, the resident must be aware of the risk of bed bug infestation.
- **Duty to Report:** If any resident suspects the presence of bed bugs, the resident should contact the property staff and maintenance will come to the unit to investigate. Do not bring suspected bed bugs to the maintenance office or to the management office.
- **Access for Inspection:** Resident agrees to allow WHA and its pest control agents access to the dwelling unit at reasonable times to inspect for and/or treat bedbugs.
- **Treatment Cooperation:** Resident agrees to participate in all eradication procedures including fully and properly preparing the unit based on guidance provided by the WHA. Once treatment is complete, resident agrees to inform the Manager.

- **Bed Bug Treatment:** Resident agrees to execute a Bed Bug Treatment Agreement prior to treatment. In addition, Resident agrees to comply with the following recommendations for treatment:
 - o Place all bedding, drapes, curtains, and small rugs in plastic bags for transport to laundry or dry cleaners.
 - o Heavily infested mattresses are not salvageable and must be sealed in plastic and disposed of properly--inform management of need for removal and disposal. Empty your dressers, nightstands, and closets. Remove all items from floors and bag all clothing, shoes, boxes, toys, etc. Bag and tightly seal washable items separately from non-- washable items.
 - o Plastic bags with infested items for disposal, must be sealed, labeled as infested with bed bugs, and disposed of properly in trash dumpsters away from the unit.
 - o Wash all machine-washable bedding, drapes, and clothing, etc. on the hottest water temperature and dry on the highest heat setting. Items that cannot be washed must be taken to a dry cleaner who must be informed of the issue. You must safely discard all items that cannot be decontaminated.
 - o Vacuum all floors, including the inside of closets. Vacuum all furniture including inside drawers and nightstands, mattresses, and box springs. Carefully remove vacuum bags, sealing them tightly in plastic and discarding of properly. Use a brush attachment to dislodge eggs.
 - o Move furniture toward the center of the room so that the pest control professional can easily treat carpet edges where bed bugs congregate, as well as walls and furniture surfaces. Items must be removed from the closets to allow for treatment.

- **Replacement Cost:** If any items must be discarded or professionally cleaned, the resident agrees to pay replacement and cleaning costs.

CONSEQUENCES FOR RESIDENT FAILURE TO COMPLY

Although the Resident will not be charged the actual cost of bed bug treatment, failure to properly prepare for bed bug treatment without good cause may result in the following:

- Resident being charged for assessed trip fees.
- Resident being issued a lease violation notice
- Household being placed on probation; or
- Once on probation, repeated failure to notify WHA and failure to participate in the eradication process fully and properly is grounds for immediate termination of tenancy.
- If the resident fails to notify WHA of an infestation or if the resident fails to participate in the eradication process fully and properly, the resident will be charged for all costs associated with infestation of the unit and other areas. These charges will be considered damage in accordance with HUD notice.
- If a licensed exterminator determines that repeated infestations are caused by the resident, resident's guest or service providers hired by the resident, cost of eradication for bed bugs present as a result of the resident's, resident's guests' or resident's service provider's actions will be considered damage and will be charged to the resident. This includes damage to other units and to common areas.

If Resident and/or Household Members are unable to move heavy items such as furniture, place mattresses in sealed plastic, or otherwise prepare the unit for treatment because of a disability, Resident should notify the WHA when treatment is scheduled, and the WHA will provide assistance upon request at no cost. See the

Reasonable Accommodation Policy for information on how request an accommodation.

In the event of any adverse action taken by the WHA under this policy, the resident will be notified of the right to dispute the action in accordance with the Grievance Policy.

PROPERTY INSURANCE

The Resident will not be reimbursed the cost of any additional expense to the household, such as purchase of new furniture, clothing, or cleaning services, as a result of an infestation of bed bugs. Resident is strongly encouraged to obtain personal property insurance to cover such losses.

Bed Bug Treatment Basis for Quotation

Oral explanations or instructions given before the award of the contract will not be binding. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines this eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph (6) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification B: Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Certification (B)

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms **covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded**, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of these regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph (5) of these instructions, if a participant in a lower covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies including suspension and/or debarment.

- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: **Provided, however,** That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Provided, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and Federally-assisted construction contracts pursuant to the Executive order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed
